

Scope and Sequence

Our Scope & Sequence lists all the lessons in the Lalilo learning progression, as well as information about our Foundational Vocabulary Unit and our Comprehension Guide. You can also find information and links to more resources for some of our lessons like Direct Instruction, related Star Phonics skills, and Nearpod Lessons so support your students' work on Lalilo.

Second grade learning progression

The lessons below are ordered chronologically. Each student will start at a different lesson, based on their placement test results. The very first lesson will not depend on the class grade. A First Grade student can start with a Kindergarten lesson or a Second Grade lesson, as Lalilo will adapt to their needs. Students will automatically move on to the next lessons, you do not need to assign them. They will study up to 5 lessons simultaneously.

Foundational Vocabulary

Lalilo’s Foundational Vocabulary unit is tailored to support emergent bilingual students acquiring Tier 1 vocabulary through instruction and practice in English. When completing the Foundational Vocabulary unit, students will learn vocabulary related to language for social and instructional purposes to support Emergent Bilinguals within school settings. The unit consists of 12 lessons and four read-aloud books that provide both instruction and practice on thematic Tier 1 vocabulary words. Click on a lesson to access demonstration exercises.
